

**CEnergy is a web-based app that helps you monitor energy consumption at your plant and optimize your manufacturing process.**

### WHY CHOOSE CENERGY

- CEnergy offers 24/7 visualization of your productive process' energy flows in real time.
- Learn how to optimize energy resources by analyzing Key Performance Indicators (KPIs).
- Reduce machine downtime in manufacturing and increase energy and resource efficiency at your plant.

### BENEFITS OF CENERGY

#### ENERGY MONITORING

Monitor different energy sources at your plant with one single app.

#### DASHBOARD REPORTING

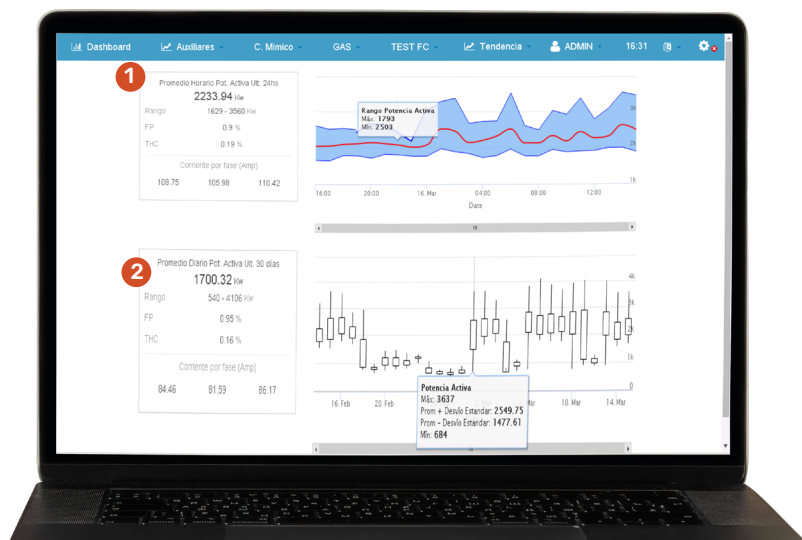

Obtain consumption dashboard reports at a daily, weekly and monthly basis.

#### DATA ACCESSIBILITY

Gain 24/7 online access to your plant's consumption rates.

### DATA VISUALIZATION

#### ENERGY FLOWS

CEnergy displays energy consumption reports in terms of:

- 1 Hourly average and distribution of relevant variables.
- 2 Daily average and distribution of relevant variables.

#### ENERGY SOURCES

Monitor all the different energy sources at your plant with one single app.

- ✓ Electricity
- ✓ Gas
- ✓ Water
- ✓ Oil
